

SAFETY DATA SHEET

EMERGENCY CALL: 1-800-424-9300 (CHEMTREC)

1. IDENTIFICATION

PRODUCT NAME: Stigmata
DESCRIPTION: Agricultural Herbicide
EPA REG. NO.: 91234-60
COMPANY IDENTIFICATION: Atticus, LLC
5000 CentreGreen Way, Suite 100
Cary, NC 27513

2. HAZARD IDENTIFICATION

WARNING

Causes eye irritation (H320)
Combustible liquid and vapor (H227)
Toxic to aquatic life (H401)

HAZARD CLASSIFICATION

Health Hazard
Serious eye damage/eye irritation
Category
2B

Physical Hazards
Flammable Liquids
Category
4

Environmental Hazards
Hazardous to the aquatic environment - short term (acute)
Category
2

HAZARDS NOT REQUIRING CLASSIFICATION

Do not mix or allow this product to come into contact with an oxidizing agent such as potassium permanganate. Hazardous chemical reaction may occur.

PRECAUTIONARY STATEMENTS

Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. (P210)

Wear long sleeved shirt and long pants, chemical-resistant gloves made of any waterproof material, shoes plus socks, and protective eyewear. (P280)

Wash hands thoroughly after handling. (P264)

IF IN EYES: Rinse cautiously with water for several minutes.

Remove contact lenses, if present and easy to do. Continue rinsing.

(P305+P351+P338)

If eye irritation persists: Get medical advice/attention. (P337+P313)

Avoid release to the environment not in accordance with the product label. (P273)

Dispose of contents / container in accordance with local regulations. Refer to the product label for specific disposal instructions. (P501)

3. COMPOSITION / INFORMATION ON INGREDIENTS

Common Name	Chemical Name	CAS#	Composition
Clopyralid MEA salt	3,6-dichloropyridine-2-carboxylic acid with 2-hydroxyethylammonium	57754-85-5	40.9%
Isopropyl alcohol	--	67-63-0	5.0%

NOTE: Ingredients not precisely identified are proprietary or non-hazardous. Values are not product specifications.

4. FIRST AID MEASURES

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For emergency medical assistance, call SafetyCall®: **1-844-685-9173**.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

5. FIREFIGHTING MEASURES

Flash Point: 74.4°C (166°F)

Flammable Limits (LFL-UFL): N/A

Fire and Explosion Hazards: This material will not burn until the water has evaporated. Residue can burn. Container may rupture from gas generation in a fire situation.

Extinguishing Medium: Water fog, foam, dry chemical or carbon dioxide (CO₂).

Fire Fighting Equipment: Firefighters should be equipped with self-contained positive pressure breathing apparatus and full bunker gear.

Fire Fighting Instructions: Evacuate area of all unnecessary personnel and fight fire from a safe distance upwind. Contain contaminated water / firefighting water; do not allow to enter drains or waterways. Use foam or dry chemical fire extinguishing systems to prevent environmental damage from excessive water runoff.

Hazardous Combustion Products: Oxides of carbon and nitrogen, hydrogen chloride.

NFPA Ratings: Health – 1 / Flammability – 2 / Reactivity - 1

Manufactured for:
Atticus, LLC.
5000 CentreGreen Way, Suite 100
Cary, NC 27513

6. ACCIDENTAL RELEASE MEASURES

Personal Precautions: Isolate area and keep unnecessary and unprotected personnel from entering. Wear suitable personal protective clothing and equipment as described in Section 8 of this document.

Environmental Precautions: Prevent material from entering public sewer systems or any waterways. Do not flush to drain. Large spills to soil or similar surfaces may necessitate removal of topsoil. The affected area should be removed and placed in an appropriate container for disposal.

Spill Cleanup: Contain spilled material if possible. Pump with explosion-proof equipment. If available, use foam to smother or suppress. Small spills: Absorb spill with suitable material such as clay, sand, or dirt. Sweep up and collect in suitable container for disposal. Large spills may necessitate the removal of topsoil.

7. HANDLING AND STORAGE

Handling: Avoid contact with eyes, skin or clothing. Wear protective eyewear. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet.

Storage: Store above 28°F or warm to 40°F and agitate before use. Store in original containers only. Keep container closed when not in use. Do not store near food or feed.

8. EXPOSURE CONTROLS / PERSONAL PROTECTION

Engineering Controls: Facilities storing or utilizing this material should be equipped with an eyewash station and a safety shower.

Protective Clothing: Applicators and other handlers must wear long-sleeved shirt and long pants, chemical-resistant gloves made out of any waterproof material; shoes plus socks; and protective eyewear.

General: Remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing. Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry.

9. PHYSICAL AND CHEMICAL PROPERTIES

Information below is from a substantially similar product unless otherwise noted:

Appearance: red to brown liquid

Odor: sweet

Melting / Freezing point: no data available

Boiling Point / Boiling Range: no data available

Flammability: not applicable

Flammability Limits (upper/lower): no data available

Flashpoint (this product): 74.4°C (166°F)

Auto-ignition Temperature: no data available

Decomposition Temperature: no data available

pH (this product): 6.5-7.5 @1% aq.

Dynamic Viscosity: 7 cP

Solubility: miscible with water

Partition coefficient: no data available

Vapor Pressure: 23.5 mmHg (@ 20°C)

Density (this product): 9.72 lbs./ga

Vapor Density: no data available

Particle Characteristics: no data available

10. STABILITY AND REACTIVITY

CONDITIONS TO AVOID: Active ingredient decomposes at elevated temperatures. Generation of gas during decomposition can cause pressure in closed systems. Pressure build-up can be rapid. Avoid direct sunlight.

CHEMICAL STABILITY: Unstable at elevated temperatures.

INCOMPATIBILITY WITH OTHER MATERIALS: Avoid contact with acids, halogenated organics, oxidizers, aluminum, zinc, brass, and copper.

HAZARDOUS DECOMPOSITION PRODUCTS: Decomposition products can include and are not limited to chlorinated pyridines, hydrogen chloride, nitrogen oxides.

HAZARDOUS POLYMERIZATION: Will not occur.

11. TOXICOLOGICAL INFORMATION

ORAL TOXICITY (rat LD₅₀): > 5000 mg/kg

DERMAL TOXICITY (rat LD₅₀): > 5000 mg/kg

INHALATION TOXICITY (rat LC₅₀): > 3.0 mg/L(4-hour)

EYE IRRITATION: eye irritation, slight temporary corneal injury

SKIN IRRITATION: Slightly irritating

SKIN SENSITIZATION: Not a contact sensitizer

CARCINOGENICITY:

NTP: Not listed

ACGIH: Not listed

IARC: Not listed

MUTAGENIC TOXICITY: No evidence of mutagenic effects during in vivo and in vitro assays.

TERATOGENICITY: Clopyralid causes birth defects in test animals, but only at greatly exaggerated doses that were severely toxic to the mothers. No birth defects were observed in animals given clopyralid at doses several times greater than those expected during normal exposure. Isopropanol has been toxic to the fetus in laboratory animals at doses toxic to the mother.

REPRODUCTIVE TOXICITY: No evidence of reproductive toxicity.

12. ECOLOGICAL INFORMATION

Clopyralid is a chemical which can travel (seep or leach) through soil and under certain conditions contaminate groundwater which may be used for irrigation or drinking purposes. This product may impact surface water due to runoff of rainwater. Clopyralid is practically non-toxic to aquatic vertebrates and invertebrates on an acute exposure basis. Clopyralid is toxic to plants.

Manufactured for:
Atticus, LLC.
5000 CentreGreen Way, Suite 100
Cary, NC 27513

The following information is for the active ingredient, clopyralid acid:

AQUATIC TOXICITY

Rainbow Trout (96-hour LC₅₀): 103.5 mg/L
Bluegill (96-hr LC₅₀): 125.4 mg/L
Daphnia (48-hour EC₅₀): 225 mg/L
Daphnia (NOAEC): 17 mg/L
Algae (96-hr EC₅₀): 6.9 mg/L
Aquatic arthropods: disruption of molting

AVIAN TOXICITY

Mallard ducks (LD₅₀): 1465 mg/kg

OTHER TOXICITY

Bees: > 100 µg/bee (not toxic to bees)

13. DISPOSAL CONSIDERATIONS

PESTICIDE DISPOSAL: Wastes resulting from the use of this product must be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Nonrefillable container. Do not reuse or refill this container. Refer to the product label for specific container disposal instructions.

14. TRANSPORT INFORMATION

US-DOT:

UN Number:	NA1993
Proper Shipping Name:	Combustible liquid, N.O.S.
Transport Hazard Class:	Comb liq
Packing Group:	III
Hazard Zone:	None
Marine Pollutant:	No
Hazardous Substance RQ:	None
Labels / Placards:	Combustible liquid ¹
Emergency Guide:	128 (NAERG – North American Emergency Response Guide)

¹Limited quantity exception: Not regulated when shipped in non-bulk packaging (containers < 119 gallons) (49CFR§173.150(f)(2)) by ground or vessel. Air non-bulk shipments are not exempt.

IMDG:

Shipped internationally by vessel: Not regulated
Marine Pollutant: No

IATA:

Shipped internationally by air: Not regulated

This information is not intended to convey all specific regulatory or operational requirements/information relating to this product. Transportation classifications may vary by container volume and may be influenced by regional or country variations in regulations. Additional transportation system information can be obtained through an authorized sales or customer service representative. It is the responsibility of the transporting organization to follow all applicable laws, regulations and rules relating to the transportation of the material.

15. REGULATORY INFORMATION

FIFRA –

This chemical is a pesticide product registered by the Environmental Protection Agency and is subject to certain labeling requirements under federal pesticide law. These requirements differ from the classification criteria and hazard information required for safety data sheets, and for workplace labels of non-pesticide chemicals. The following is the hazard information as required on the pesticide label:

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION. Causes moderate eye irritation. Harmful if absorbed through skin. Avoid contact with eyes, skin or clothing. Wear protective eyewear. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet.

ENVIRONMENTAL HAZARDS

Do not apply directly to water, to areas where surface water is present, or to intertidal areas below the mean high water mark. Do not contaminate water when cleaning equipment or disposing of equipment washwaters. Do not contaminate water used for irrigation or domestic purposes.

Groundwater Advisory:

Clopyralid is a chemical which can travel (seep or leach) through soil and under certain conditions contaminate groundwater which may be used for irrigation or drinking purposes. Users are advised not to apply clopyralid where soils have a rapid to very rapid permeability throughout the profile (such as loamy sand to sand) and the water table of an underlying aquifer is shallow, or to soils containing sinkholes over limestone bedrock, severely fractured surfaces, and substrates which would allow direct introduction into an aquifer. Your local agricultural agencies can provide further information on the type of soil in your area and the location of groundwater.

Surface Water Advisory:

This product may impact surface water quality due to runoff of rain water. This is especially true for poorly draining soils and soils with shallow ground water. This product is classified as having a medium potential for reaching surface water via runoff for several weeks after application. A level, well-maintained vegetative buffer strip between areas to which this product is applied and surface water features such as ponds, streams, and springs will reduce the potential loading of clopyralid from runoff water and sediment. Runoff of this product will be reduced by avoiding applications when rainfall is forecasted to occur within 48 hours.

PHYSICAL OR CHEMICAL HAZARDS

Combustible. Do not use or store near heat or open flame. Do not mix or allow product to come into contact with oxidizing agent. Hazardous chemical reaction may occur.

All pesticides are governed under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA). The regulatory information presented below is pertinent only when this product is handled outside of the normal use and application as a pesticide. This product is excluded from listing requirements under EPA/TSCA.

SARA Title III – Section 302 Extremely Hazardous Substances
Not listed

SARA Title III – Section 311/312 Hazard Categories
Immediate, Fire

SARA Title III – Section 312 Threshold Planning Quantity
The threshold planning quantity (TPQ) for this product treated as a mixture is 10,000 lbs. This product contains no ingredients with a TPQ of less than 10,000 lbs.

SARA Title III – Section 313 Reportable Ingredients
Isopropyl alcohol (CAS No. 67-63-0) (5%)

Manufactured for:
Atticus, LLC.
5000 CentreGreen Way, Suite 100
Cary, NC 27513

CERCLA Reportable Quantity (RQ) –

None

CALIFORNIA PROP 65 STATUS –

This product does not contain any chemicals known to the state of California to cause cancer or reproductive harm.

CANADA –

This product has been classified in accordance with the hazard criteria of the Controlled Products Regulations (CPR) and the SDS contains all of the information required by CPR.

16. OTHER INFORMATION

This Safety Data Sheet (SDS) serves different purposes than and DOES NOT REPLACE OR MODIFY THE EPA APPROVED PRODUCT LABELING (attached to and accompanying the product container). This SDS provides important health, safety, and environmental information for employers, employees, emergency responders and others handling large quantities of the product in activities generally other than product use, while the labeling provides that information specifically for product use in the ordinary course.

To the extent consistent with applicable law, neither Atticus, LLC nor Seller be liable for any incidental, consequential or special damages resulting from the use or handling of this product. TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, THE EXCLUSIVE REMEDY OF THE USER OR BUYER, AND THE EXCLUSIVE LIABILITY OF ATTICUS, LLC AND SELLER FOR ANY AND ALL CLAIMS, LOSSES, INJURIES OR DAMAGES (INCLUDING CLAIMS BASED ON BREACH OF WARRANTY, CONTRACT, NEGLIGENCE, TORT, STRICT LIABILITY OR OTHERWISE) RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT, SHALL BE THE RETURN OF THE PURCHASE PRICE OF THE PRODUCT OR, AT THE ELECTION OF ATTICUS, LLC OR SELLER, THE REPLACEMENT OF THE PRODUCT.

SDS Version: 2.0

Effective Date: 10/23/2019
